Three structured phases · GS Papers I–IV

Only plan that actually provides 1:1 Mentorship + Unlimited Evaluations

WHY THIS PROGRAM EXISTS

The Philosophy Behind the Program

UPSC is rarely lost for want of content. Most aspirants who fail have read enough. What separates a selection from an attempt is usually something closer in: attention, course-correction, and a plan that bends to the person rather than the other way round. This program is built around that belief, not around a syllabus checklist.

The mentor knows you, not just your marks

A score tells you what went wrong in one answer. A mentor who has read twenty of your answers can tell you what goes wrong in your thinking, and that is the gap a test series alone cannot close.

Depth before speed

Phase I builds Mains-level depth before Phase II asks you to move fast. Aspirants who chase Prelims speed without that depth tend to peak early and plateau. This program is sequenced to avoid that.

Focused feedback

Tests exist to generate feedback, not the other way round. Every test in this program is followed by review, because a test by itself teaches you nothing you did not already half-know.

One year, one relationship

Continuity compounds. A mentor who has watched your answers evolve for ten months notices things in month eleven that a new reviewer never would.

THE STRUCTURE

What You Get, Throughout the Year

This is not a test series you attempt alone. Every deliverable below, every test, every set of notes, every feedback session, comes wrapped in dedicated one-to-one mentorship, active for a full year through Mains 2027.

Personal mentor

One dedicated mentor assigned to you for the entire year, not a rotating panel, not a generic helpdesk.

Continuous testing cycle

Weekly subject tests, monthly full tests, and complete-syllabus tests, so you are tested at every scale, every month.

Answer-writing feedback

Every test comes back with detailed, individual feedback: not just a score, but how to write the next answer better.

Weekly personal feedback sessions

At least one personal one-to-one session with your mentor every week, on top of scheduled test feedback.

The program moves through three sequenced phases:

PHASE I · FIRST 7 MONTHS

Mains Focus Phase

Building Mains-level depth across GS I–IV

PHASE II · NEXT 4 MONTHS

Prelims Focus Phase

Converting depth into Prelims-ready speed and accuracy

PHASE III · FINAL 4 MONTHS (ON QUALIFYING PRELIMS)

Mains Masters Program

Daily-intensity stretch for the Prelims-to-Mains window

PHASE I · FIRST 7 MONTHS

Mains Focus Phase

Mains-level depth is built first; this foundation also strengthens Prelims performance later, when Phase II sprints toward that exam.

Deliverable	What It Means For You
Study material	Dedicated, exam-ready material covering GS Paper I, II, III and IV, yours to keep and revise from.
Weekly PYQ-based tests	One test every week, aligned to the subject stream you are currently studying.
Weekly feedback sessions	Personal review of every test, plus value-addition inputs to sharpen your answers further.
Monthly subject full tests	A 20-question full-length test each month, covering the subject in full depth.
Complete syllabus Mains tests	Full-syllabus tests in the final two months of this phase, and again in the window between Prelims and Mains 2027.
Answer-writing feedback	Extensive, one-to-one feedback on every answer: structure, content and presentation.

PHASE II · NEXT 4 MONTHS

Prelims Focus Phase

A dedicated sprint to convert your Mains-depth preparation into Prelims-ready speed and accuracy.

Deliverable	What It Means For You
Prelims strategy planning	A personalized plan for how you approach Prelims, built around your specific strengths and gaps.
Extensive testing	UPSC PYQs and closely modelled questions, practiced at the volume Prelims demands.
Conceptual clarity sessions	One-to-one sessions to close specific conceptual gaps as they surface in testing.
Doubt-clearing sessions	Direct access to your mentor for doubts, as and when they come up.
Current affairs revision	A structured revision pass through the year's current affairs, timed for Prelims.

PHASE III · FINAL 4 MONTHS (ON QUALIFYING PRELIMS)

Mains Masters Program

The final, daily-intensity stretch, built for the short, high-stakes window between the Prelims result and Mains 2027.

Deliverable	What It Means For You
Daily answer writing	A daily writing practice, so your hand and your thinking stay exam-sharp every single day.
Daily feedback	Each day's answers reviewed and returned with specific, actionable feedback.
Value-added notes	Curated, exam-focused notes to add depth and recent material to your existing preparation.
Full tests with extensive feedback	Complete tests through the window, each followed by detailed, one-to-one feedback for improvement.

The constant, through every phase

Every deliverable across these three phases sits inside one continuous relationship: a single mentor, assigned to you alone, for the full year. Phases change. Tests change. The person guiding you through them does not.

Jaikrit Vatsal

Lead Mentor · One-to-One · Prelims to Interview

Jaikrit Sir's UPSC journey was built on understanding what separates a good answer from a rank-winning one. Having appeared for six UPSC Mains examinations and spent years evaluating thousands of answer copies, he has developed a deep understanding of how toppers think, write, and improve.

He has led academic and content teams at Rau's IAS and StudyIQ as Academic Head, before moving to mentor aspirants directly at Collector Babu.

"His mentorship is built to bridge the gap between knowledge and marks: it focuses on clarity, structure, and consistent improvement, turning preparation into measurable progress."

Toppers he has mentored

Flagship results include AIR 4, AIR 54, AIR 387 and 100s more. 6 UPSC Mains attempts of his own.

HOW YOUR ANSWERS ARE REVIEWED

The Evaluation Plan

Mentorship is also powered by **Zenith, Collector Babu's evaluation** - the best evaluation out there. Apart from mentor feedback, you also get unlimited evaluations under Zenith.

What Zenith Includes

- Unlimited GS + Essay evaluation, or unlimited GS, Essay and Optional evaluation under Zenith Combo.
- Every submission returned within 24 hours.
- Unlimited one-to-one mentorship sessions, at least one every week, layered on top of evaluation.
- Access to ToTA (Topper Answer Search) and Collector Babu's other tools.
- Mock interviews included ahead of the Personality Test.

Why Zenith

- The only plan that pairs its evaluation engine with one-to-one mentorship.
- Built on the best UPSC Mains answer-evaluation platform. Trusted by AIR 14, 19, 52, 80 and more who were paid zenith subscribers.
- Write anywhere, get evaluated here.
